Fire Alarm Systems Certification NICET Level I Exam Review Questions and Answers 2014

ExamREVIEW

The NICET Level 1 certification requires minimal relevant experience and entry-level training on fire alarm related disciplines. To pass the NICET test you need to know NFPA 70 and 72 in great depth. We create these self-practice test questions module (with 200+ questions) referencing both technical information and standards currently valid in the trade. Each question comes with an answer and a short explanation which aids you in seeking further technical information. For purpose of exam readiness drilling, this product includes questions that have varying numbers of choices. Some have 2 while some have 6 or 7. We want to make sure these questions are tough enough to really test your readiness and draw your focus to the weak areas. This product focuses on the technical aspect of fire alarm installation and the relevant technical standards. You should use this product together with other study resources for the best possible exam prep coverage.
