Understanding the environment and social policy (Understanding Welfare: Social Issues, Policy and Practice)

Understanding the environment and social policy (Understanding Welfare: Social Issues, Policy and Practice)

Bringing together leading experts, this textbook explores the key social, political, economic and moral challenges that environmental problems pose for social policy in a global context. Combining theory and practice with an interdisciplinary approach, the book reviews the current strategies and policies and provides a critique of proposed future developments in the field. Understanding the environment and social policy guides the reader through the subject in an accessible way using chapter summaries, further reading, recommended webpages, a glossary and questions for discussion. Providing a much-needed overview, the book will be invaluable reading for students, teachers, activists, practitioners and policymakers.
