Embedded Software and Systems: First International Conference, ICESS 2004, Hangzhou, China, December 9-10, 2004, Revised Selected Papers (Lecture ... Computer Science and General Issues) Welcome to the post proceedings of the First International Conference on Embedded Software and Systems (ICESS 2004), which was held in Hangzhou, P. R. China, 9–10 December 2004. Embedded Software and Systems technology is of increasing importance for a wide range of industrial areas, such as aerospace, automotive, telecommunication, and manufacturing automation. Embedded technology is playing an increasingly dominant role in modern society. This is a natural outcome of amazingly fast developments in the embedded field. The ICESS 2004 conference brought together researchers and developers from academia, industry, and government to advance the science, engineering, and technology in embedded software and systems development, and provided them with a forum to present and exchange their ideas, results, work in progress, and experience in all areas of embedded systems research and development. The ICESS 2004 conference attracted much more interest than expected. The total number of paper submissions to the main conference and its three workshops, namely, Pervasive Computing, Automobile Electronics and Tele-communication, was almost 400, from nearly 20 countries and regions. All submissions were reviewed by at least three Program or Technical Committee members or external reviewers. It was extremely difficult to make the final decision on paper acceptance because there were so many excellent, foreseeing, and interesting submissions with brilliant ideas.

From reader reviews:

George Clark:

Why don't make it to be your habit? Right now, try to prepare your time to do the important work, like looking for your favorite reserve and reading a publication. Beside you can solve your trouble; you can add your knowledge by the book entitled Embedded Software and Systems: First International Conference, ICESS 2004, Hangzhou, China, December 9-10, 2004, Revised Selected Papers (Lecture ... Computer Science and General Issues). Try to make the book Embedded Software and Systems: First International Conference, ICESS 2004, Hangzhou, China, December 9-10, 2004, Revised Selected Papers (Lecture ... Computer Science and General Issues) as your pal. It means that it can to get your friend when you experience alone and beside associated with course make you smarter than before. Yeah, it is very fortuned for you. The book makes you far more confidence because you can know everything by the book. So , we should make new experience in addition to knowledge with this book.

Christine Scott:

The ability that you get from Embedded Software and Systems: First International Conference, ICESS 2004, Hangzhou, China, December 9-10, 2004, Revised Selected Papers (Lecture ... Computer Science and General Issues) could be the more deep you digging the information that hide inside words the more you get thinking about reading it. It does not mean that this book is hard to know but Embedded Software and Systems: First International Conference, ICESS 2004, Hangzhou, China, December 9-10, 2004, Revised Selected Papers (Lecture ... Computer Science and General Issues) giving you excitement feeling of reading. The author conveys their point in selected way that can be understood by means of anyone who read that because the author of this book is well-known enough. This specific book also makes your own personal vocabulary increase well. That makes it easy to understand then can go together with you, both in printed or e-book style are available. We advise you for having this kind of Embedded Software and Systems: First International Conference, ICESS 2004, Hangzhou, China, December 9-10, 2004, Revised Selected Papers (Lecture ... Computer Science and General Issues) instantly.

Wilbert Westerfield:

A lot of people always spent their own free time to vacation or go to the outside with them friends and family or their friend. Did you know? Many a lot of people spent they will free time just watching TV, or perhaps playing video games all day long. If you would like try to find a new activity here is look different you can read some sort of book. It is really fun in your case. If you enjoy the book that you read you can spent 24 hours a day to reading a e-book. The book Embedded Software and Systems: First International Conference, ICESS 2004, Hangzhou, China, December 9-10, 2004, Revised Selected Papers (Lecture ... Computer Science and General Issues) it doesn't matter what good to read. There are a lot of people who recommended this book. These were enjoying reading this book. If you did not have enough space to develop this book you can buy the actual e-book. You can m0ore easily to read this book from your smart phone. The price is not very costly but this book has high quality.

Helen Butts:

Do you have something that you prefer such as book? The publication lovers usually prefer to decide on book like comic, limited story and the biggest one is novel. Now, why not seeking Embedded Software and Systems: First International Conference, ICESS 2004, Hangzhou, China, December 9-10, 2004, Revised Selected Papers (Lecture ... Computer Science and General Issues) that give your fun preference will be satisfied by reading this book. Reading addiction all over the world can be said as the method for people to know world much better then how they react to the world. It can't be explained constantly that reading habit only for the geeky man or woman but for all of you who wants to end up being success person. So , for every you who want to start studying as your good habit, you may pick Embedded Software and Systems: First International Conference, ICESS 2004, Hangzhou, China, December 9-10, 2004, Revised Selected Papers (Lecture ... Computer Science and General Issues) become your own starter.
