Soulsaver James Stevens-Arce

The year is 2099 and the United States is a fundamentalist Christian theocracy. Elvis has been canonized, the District of Columbia is now the District of Christ, and the White House is occupied by a charismatic religious leader called the Shepherdess who delivers messages to her worshipful followers via ACNN -- the Americhristian Capsule News Network.

A satirical speculation of the future combined with a religious fantasy-adventure, the story unfolds in the Greater San Juan Metroplex of the Caribbean island of Puerto Rico, now our 54th state.

Pollution has escalated beyond everyone's worst nightmares, overpopulation has mushroomed to where a family with 14 children is considered small, millions roam the streets homeless and starving, and growing numbers of citizens are driven to take the so-called "easy way out."

But this can't be allowed in a society where suicide is a prosecutable offense carrying a mandatory quarter-century sentence and the dead-by-their-own-hand can readily be resurrected by the state to continue to serve it.

Enter the Suicide Prevention Corps of America, for whom true believer Juan Bautista Lorca labors as a rookie first responder alongside his veteran partner and mentor, Fabiola Muñoz.

Their job is to race to the scene of a self-inflicted death, freeze the body, and deliver it on the double to the nearest resurrection center before it is too late to bring the victim back to life and save its soul from eternal damnation.

Enduring the resurrection process is such agony that few would-be soulkillers ever make a second attempt. So why is the suicide rate skyrocketing?

Juan loves his mission and the spiritual leaders who oversee it, the highly placed Rev. Jimmy Divine and the sensual, breathtakingly beautiful Shepherdess, but when they spur him to spy on his partner, suspected of being a heretic believer in the Twin Messiahs, he's no longer sure who, or even what, to believe -- and he's no longer certain all the suicides are really suicides.

Written in a lean, crisp style that moves with lightning speed from one scene to the next, **Soulsaver** focuses on loyal, optimistic Juan Bautista's crisis of faith, his struggle to reconcile with the powerfully placed father who rejected him, the alarming rise of the subversive New Christer cult, the promise -- and threat -- of the swiftly approaching End of Days, the pressure cooker hunt for the Twin Antichrists, and a diabolical plot to keep the country crushed beneath the heel of a religious dictatorship -- forever .
