Its author also uses occasional humor ,cynicism and sober thinking to drive the point home. And the point is that Binary Options are much closer to gambling and sport betting that to trading, let alone investing. And that the system is built around you, the trader, losing money.

And that people can, and do, became addicted to this activity in the same way they can be addicted to gambling.

Author of this e-book conducted extensive research regarding all things Binary Options, did approximately 400 paper trades (in several Demo accounts) and then some real money trades as well.
