***Social Work Practicum, 5/e*, offers a unique integrative format designed to help students develop social work competencies by applying their academic learning to practicum experiences.**

It covers a variety of topic areas and leads students through guided experiences and workbook questions, helping them gain a professional identity, integrate theory with practice, and acquire the core competencies needed for social work practice.

This text is part of the *Connecting Core Competencies Series*, designed to guide students in becoming skilled at the Council on Social Work's core competencies. Each chapter reflects and integrates the latest CSWE competency standards (EPAS). End-of-chapter assessment reinforces this integration, and **MySocialWorkLab** provides activities and supports the mastery of CSWE's core competencies through activities, tests, an extensive library of videos and cases, and much more.
