Richard Seymour

American Insurgents: A Brief History of American Anti-Imperialism Richard Seymour

All empires spin self-serving myths, and in the US the most potent of these is that America is a force for democracy around the world. Yet there is a tradition of American anti-imperialism that exposes this misleading mythology. *American Insurgents* is a surprising, revelatory history of anti-imperialism in the United States since the American Revolution. It charts the movements against empire from the Indian Wars and the expansionism of the slave South to the Anti-Imperialist League of Mark Twain and Jane Addams. Seymour crafts a lively and transparent explanation of why some of these movements succeeded and others failed. The result is a vital perspective for those organizing antiwar resistance today.
