**A Way of Being** Carl Rogers

**A profound and deeply personal collection of essays by renowned psychologist Carl Rogers**

The late Carl Rogers, founder of the humanistic psychology movement and father of client-centered therapy, based his life's work on his fundamental belief in the human potential for growth. *A Way of Being* was written in the early 1980s, near the end of Carl Rogers's career, and serves as a coda to his classic *On Becoming a Person*. More philosophical than his earlier writings, it traces his professional and personal development and ends with a prophetic call for a more humane future.
