Terrorism: The Newest Face of Warfare

Donald J. Hanle

Terrorism: The Newest Face of Warfare Donald J. Hanle

Terrorism is often depicted as something new and totally alien, a phantom enemy that cannot be understood. But by employing a sophisticated analysis soundly based on an encyclopedic knowledge of military history, Donald J. Hanle shows that three major forms of terrorism—military, revolutionary, and state-sponsored—qualify as the newest forms of war. The author's in-depth investigation reveals that these kinds of terrorists operate in the same basic manner as military forces employed in traditional warfare and have the same basic capabilities and weaknesses. He argues convincingly that countermeasures against these types of terrorist organizations should be based on classical principles of war and combat, and suggests countervailing strategies. *Terrorism: The Newest Face of Warfare* is a starting point for a sensible and coherent counterterrorism strategy, one that enlists a valuable but heretofore neglected Western arsenal—the study of military history—in the battle against terrorism.

Susan Bannister:

As a college student exactly feel bored for you to reading. If their teacher asked them to go to the library or make summary for some book, they are complained. Just tiny students that has reading's spirit or real their interest. They just do what the teacher want, like asked to the library. They go to right now there but nothing reading really. Any students feel that reading is not important, boring in addition to can't see colorful images on there. Yeah, it is for being complicated. Book is very important for you personally. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore this *Terrorism: The Newest Face of Warfare* can make you feel more interested to read.
