Lee's Lieutenants: A Study in Command Douglas Southall Freeman

Lee's Lieutenants: A Study in Command is the most colorful and popular of Douglas Southall Freeman's works. A sweeping narrative that presents a multiple biography against the flame-shot background of the American Civil War, it is the story of the great figures of the Army of Northern Virginia who fought under Robert E. Lee.

The Confederacy won resounding victories throughout the war, but seldom easily or without tremendous casualties. Death was always on the heels of fame, but the men who commanded -- among them Jackson, Longstreet, and Ewell -- developed as leaders and men. *Lee's Lieutenants* follows these men to the costly battle at Gettysburg, through the deepening twilight of the South's declining military might, and finally to the collapse of Lee's command and his formal surrender in 1865. To his unparalleled descriptions of men and operations, Dr. Freeman adds an insightful analysis of the lessons learned and their bearing upon the future military development of the nation. Accessible at last in a one-volume edition abridged by noted Civil War historian Stephen W. Sears, *Lee's Lieutenants* is essential reading for all Civil War buffs, students of war, and admirers of the historian's art as practiced at its very highest level.

Allison Carson:

Often the book Lee's Lieutenants: A Study in Command has a lot associated with on it. So when you read this book you can get a lot of help. The book was compiled by the very famous author. Tom makes some research ahead of write this book. This book very easy to read you can obtain the point easily after looking over this book.

Deborah Hagan:

Your reading sixth sense will not betray you actually, why because this Lee's Lieutenants: A Study in Command book written by well-known writer whose to say well how to make book which can be understand by anyone who else read the book. Written in good manner for you, leaking every ideas and publishing skill only for eliminate your personal hunger then you still skepticism Lee's Lieutenants: A Study in Command as good book not only by the cover but also by content. This is one e-book that can break don't evaluate book by its handle, so do you still needing one more sixth sense to pick this!?! Oh come on your examining sixth sense already told you so why you have to listening to one more sixth sense.

Joel Newsom:

As a pupil exactly feel bored to help reading. If their teacher inquired them to go to the library or to make summary for some guide, they are complained. Just small students that has reading's heart and soul or real their leisure activity. They just do what the professor want, like asked to the library. They go to generally there but nothing reading very seriously. Any students feel that reading through is not important, boring and also can't see colorful photographs on there. Yeah, it is to become complicated. Book is very important for you personally. As we know that on this age, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore this Lee's Lieutenants: A Study in Command can make you experience more interested to read.
