The Algerine Captive: Or the Life and Adventures of Doctor Updike Underhill Six Years a Prisoner Among the Algerines (Classic Reprint) Royall Tyler

When he left New England, books of biography, travels, novels, and modern romances, were confined to our seaports ;or, if known in the country, were read only in the families of clergymen, physicians, and lawyers :while certain funeral discourses, the last words and dying speeches of Bryan Shaheen, and Levi Ames, and some dreary somebodys Day of Doom, formed the most diverting part of the farmers library. On his return from captivity, he found a surprising alteration in the public taste. In our inland towns of consequence, social libraries had been instituted, composed of books designed to amuse rather than to instruct; and country booksellers, fostering the new born taste of the people, had filled the whole land with modern travels, and novels almost as incredible. The diffusion of a taste for any species of writing through all ranks, in so short a time, would appear impracticable to an European. The peasant of Europe must first be taught to read, before he can acquire a taste in letters. In New England, the work is half completed.
