X Marks the Spot: On Location With The X-Files (X-Files (Checker Book)) Louisa Gradnitzer, Todd Pittson

The X-Files was a pop culture phenomenon. When it first hit the airwaves, The X-Files was heralded for being radically different than anything else on television. The rainy, foggy "Wet Coast," which was home to the show, affected the look of the series—dark, haunting, mysterious—and its storylines—paranoid, conspiratorial, fantastic.

Written by the former location managers for The X-Files, *X Marks the Spot* documents the development of the popular television series into a critical and commercial success by peering behind-the-scenes to see just what made it so different.

Gradnitzer and Pittson reveal the role that sets and locations played in creating and maintaining the X-Files "look," and provide a glimpse into the problems and conventions that the production faced during its growth.

Also in the book are plot synopses from the series' first 5 years, explicit descriptions of locations where scenes were shot, and anecdotes from crew members about life on set and with the stars—stories about producing groundbreaking television.

A collector's item for fans of the show and an informing read for anyone interested in the production of a major television program, *X Marks the Spot* also includes numerous images from the television show itself, as well as never-before-seen backstage photos by former crew members.

It's an essential insider's guide.

Nancy Bowers:

As a pupil exactly feel bored to reading. If their teacher inquired them to go to the library or make summary for some book, they are complained. Just small students that has reading's heart or real their passion. They just do what the professor want, like asked to go to the library. They go to right now there but nothing

reading seriously. Any students feel that examining is not important, boring along with can't see colorful pics on there. Yeah, it is being complicated. Book is very important for you personally. As we know that on this era, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore this X Marks the Spot: On Location With The X-Files (X-Files (Checker Book)) can make you sense more interested to read.
