Digital Landscape Photography: In the Footsteps of Ansel Adams and the Masters Michael Frye

Ansel Adams and his contemporaries Edward Weston and Eliot Porter pioneered landscape photography. The second edition of this bestselling book will show you what can be learned from the working processes of these masters, and how their lessons on light, composition, and mood can be applied today. As one of Adams' natural successors in the field, Michael Frye's own photography provides many stunning examples of the results that can be achieved.

This new edition is enhanced with more discussions of the Zone system, including information about testing your digital camera's true dynamic range. Additionally, deeper analysis of the Masters and their work that will help improve and inspire your work. All software information is updated to cover the latest releases.
