No Man's Land: Where Growing Companies Fail Doug Tatum

If starting a company is difficult, leading a company once the business has caught fire is infinitely more so. Thousands of startups each year approach the dangerous transition that Doug Tatum calls No Man's Land when they are too big to be considered small but still too small to be considered big.

Tatum offers the navigational rules these companies need, and valuable case studies of emerging growth businesses that succeeded or failed during No Man's Land.
