The Man Who Grew Young Daniel Quinn

Daniel Quinn strikes again with this full-color, illustrated novel. What's going to happen when the universe comes to the end of its string? Like a cosmic yo-yo, it's going to start traveling back UP the string, to its beginning—and every life that has ever been lived will be lived again: in reverse. The strangest adventure to be found in this backward-running universe is that of Adam Taylor, whose epic quest through time cannot end until he finds his way into the womb that gave birth to us all.
