## **Connection Part I: A Dystopian Novel (Perfectible Animals Book 2)** Thomas Norwood

Shy and Harvey are twin brothers, separated from birth. Shy was genetically modified as part of the Homo novus project — a trial conducted by a secret organization to make human-kind friendlier and more cooperative.

Years later, at the age of twenty-one, Shy and Harvey are reunited. But by then they are completely different.

Shy is part of a group of hackers responsible for the creation of Youtopia -- an online virtual reality world where everything is free and people work together to create a harmonious society.

Harvey works for The Corp, one of the largest corporations in the world, responsible for taking over almost every country and determined to see Youtopia, a threat to their profitability, completely wiped out.

Can the brothers work together to create a free and prosperous society for everyone, or are humans, even brothers, doomed to fight one another to the bitter end?
