Digital Video Surveillance and Security, Second Edition Anthony C. Caputo

The use of digital surveillance technology is rapidly growing as it becomes significantly cheaper for live and remote monitoring. The second edition of *Digital Video Surveillance and Security* provides the most current and complete reference for security professionals and consultants as they plan, design, and implement surveillance systems to secure their places of business.

By providing the necessary explanations of terms, concepts, and technological capabilities, this revised edition addresses the newest technologies and solutions available on the market today. With clear descriptions and detailed illustrations, *Digital Video Surveillance and Security* is the only book that shows the need for an overall understanding of the digital video surveillance (DVS) ecosystem.

- Highly visual with easy-to-read diagrams, schematics, tables, troubleshooting charts, and graphs
- Includes design and implementation case studies and best practices
- Uses vendor-neutral comparisons of the latest camera equipment and recording options
