Exploring the Urban Community: A GIS Approach (2nd Edition) (Pearson Prentice Hall Series in Geographic Information Science) Richard P Greene, James B Pick

Authored by accomplished urban geographers and GIS experts, *Exploring the Urban Community: A GIS Approach* leverages the modern geographer's toolset, employing the latest GIS methodology to the study of urban geography. The **Second Edition** expands upon this timely, applied approach by incorporating new "internet GIS" Google Earth™ activities, which do not require students to own expensive software or travel to a school lab. New exercises are also provided for ArcGIS 9.3 and 10, the latest version of the industry-dominant software. Coupled with current examples and applications from around the world, including a greater focus on India and China, *Exploring the Urban Community* presents an engaging and uniquely hands-on applied approach to the study of urban geography.
