Targets for Tomorrow's Schools: A Guide to Whole School Target-setting for Governors and Headteachers Mr Nigel Gann, Nigel Gann

From September 1998, governing bodies were required to set school targets for development in curriculum, personnel, environment, finance and the community. This book is a comprehensive guide which will be welcomed by governing bodies and staff. It offers an explanation of how we can measure schools, how we can evaluate the performance of the governing body and ways of helping everyone involved in school management and governance to work out how well their school is doing. It serves as a fine companion volume to Nigel Gann's successful first book *Improving School Governance*.
