Community Mental Health Nursing and Dementia Care

Community Mental Health Nursing and Dementia Care

"it should be compulsory reading for any nurse working with people who have dementia and should be a core text on courses used to train this profession." Dementia "I'd recommend this book to any health professional working in dementia care. Its commitment to breaking down inter-disciplinary barriers makes it universally applicable." Mental Health Today A rounded account of Community Mental Health Nurses' practice in dementia care has been long overdue. This is the first book to focus on the role of Community Mental Health Nurses in their highly valued work with both people with dementia and their families. This book: Explores the complexity and diversity of Community Mental Health Nurse work Captures perspectives from along the trajectory of dementia Identifies assessment and intervention approaches Discusses an emerging evidence base for implications in practice Contributions to this collection of essays and articles are drawn from Community Mental Health Nurse practitioners and researchers at the forefront of their fields. It is key reading for practitioners, researchers, students, managers and policy makers in the field of community mental health nursing and/or dementia care.
