Free Your Fear: Making the Leap to Six Figures Lise Cartwright, Mike Harrington

When Did Fear Become a Dirty Word?

When did **feeling fearful** become something to be hidden, to be pushed down and ignored? As entrepreneurs, we're told to *hide any signs of weakness*, any feelings that might allude to the fact that we're only human. We have flaws, we have doubts, and continuing to ignore these, **WILL** lead to a life half lived.

We often feel shame because we aren't able to just "push through" and move on. Mass media has done a number on us, that's for sure...

Fear doesn't have to have this power over you. You don't have to believe what society tells us we should **FEEL** and how we should **ACT** when it comes to fear anymore.

Free Your Fear

Lise Cartwright and Mike Harrington are two entrepreneurs, just like you, who were *crippled with fear and fear of failure* when they started on this journey. They carved a path towards doing what they love, with more than a few bumps along the way.

Within the pages of this book, you'll find plenty of **stories of fear**, of how it stopped other entrepreneurs from achieving what they wanted out of life... until they *faced their fears and did something else instead*.

Entrepreneur Stories — Just Like YOU:

- Elisa Doucette, the *exceptional employee*...
- Steve Scott, *indie author and online marketer*
- Hal Elrod, *beating impossible odds*
- Russell Smith, readjusting using the *Russ Method*...
- **plus much more!**

Our goal with this book is to show you how you can **free your fears**, with actionable content and examples

of those who have forged a path ahead of you, so you can *avoid the stumbling blocks*, or at least be aware of them!

And if you stick around with us, you'll get access to some **freebies** within the book, including:

- * Full case studies of 10 entrepreneurs

- * 10-step guide to kicking fear in the butt

- * How to start your side hustle now

Whether you're just starting out on the path to entrepreneurship or you've been in the trenches for a while, you CAN change course, AVOID making costly mistakes, and finally live the life you want, not the image of what society thinks it should be...

Will you join us?
