The Icarus Conspiracy

The world reels with shock, when the maiden flight of the new supersonic airliner, Boeing 787 B-901-Z1, explodes mid air, off the coast of Australia. All 190 passengers and crew are killed instantly.

The NTSB (National Transportation Safety Board) suspect the explosion was the result of a terrorist bomb, when it is discovered that a US Senator was one of the passengers on board the flight.

Richard Grainger (Ex-SAS) and Travis Styles (Ex Special Forces) are private investigators. A phone call out of the blue requests the detectives to investigate the sudden disappearance of Anthony Thompson, who disappeared the same day that the aircraft exploded.

The detectives search for the missing man, leads them across Europe and into the world of international terrorism.

Richard Grainger and Travis Styles fight for their lives as they encounter Al Qaeda terrorists, in this taut action adventure.
