Every man in Carrie's life wants to control her. That's just the way it is. So, when her ex-military father needs an undercover husband and wife team to root out a traitor, she endures the selection process. From self-defence training to sniffing sweaty tee-shirts, she holds her own. The soldier picked to infiltrate her dad's factory is everything she's learned to hate in a man. Built like a Welsh mountain, Bryn is an unlikely partner whose detective skills expose her shameful secrets. Battling deeply-buried terrors, Carrie faces setbacks designed to stretch her tenuous grip on reality to its limit. His gentle kindness pierces her armour, and mutual interests restore her tattered self-esteem. Tensions ramp up as the factory manager is kidnapped and a security breach catapults the firm into an unsavoury global arena. Carrie ends up in the wrong place at the wrong time. With her track record, the chances of surviving unscathed are slim.
